## Earn a Certificate in Ayres Sensory Integration®

With many decades of experience in continuing education in ASI, the leaders at CLASI have developed the Certificate in Ayres Sensory Integration (CASI), a hybrid program which provides self-paced, online learning with onsite hands-on practice that is enhanced through mentored experiences and feedback. The CLASI CASI includes 6 Modules (four online and two onsite) plus supplemental activities, assignments, and webinars. The modules are designed for therapists as a comprehensive and practical foundation of knowledge and skills in ASI theory, assessment, and intervention.

### COURSE MODULES

### YOU PICK LOCATION

**M1**  
**ONLINE**  
AYRES SENSORY INTEGRATION® (ASI) THEORY

**M2**  
**ONLINE**
