

Each summer, Redwood Pediatric Therapy Associates provides special interest small group programs for children with special needs. Each group is facilitated by an occupational therapist and a trained assistant and are held at

340 Tesconi Circle, Suite C, Santa Rosa, CA 95401

Each group has no more than 5 members and provides opportunities to further develop social and sensory motor skills required for successful interaction within a special interest.

Register your child online at www.redwoodpediatric.com or by calling (707) 546-9160

All classes require at least 3 participants. If less than that sign up, you will be given the option of enrolling your child in another class, or a refund.

Passport to Fun (3-5 yr olds)

"SMALL WORLD" ADVENTURES THROUGH ALL THE SENSES

3-5 years old, children with special needs.

One Week - Monday through Friday

June 4 - 8, 9:30 - 11:30

\$300

Target skills: Social/play skills through reciprocal interaction; sensory motor through movement, motor planning, tactile; motor skills through equipment use, upper body/core strengthening; fine motor through writing, drawing and tool use. Participants will play in a variety of sensory-based activities. Each session will be based on a new "place" from around the world. Campers will make a "world passport" to share their great adventures.

Lunch Bunch I (4-8 years)

Weekly on Tuesday (5 sessions)

June 12 - July 10, 11:00-1:00

\$300

Target skills: This weekly playgroup is appropriate for children who are safe feeders with table foods, and are working on expanding their variety of food tastes. We will explore food themes and oral motor skills thorough play, edible art, songs, and fun snacks.

Lunch Bunch II (4-8 years)

Weekly on Tuesday (5 sessions)

July 17 - August 7, 11:00-1:00

\$300

Target skills: This weekly playgroup is appropriate for children who are safe feeders with table foods, and are working on expanding their variety of food tastes. We will explore food themes and oral motor skills through play, edible art, songs, and fun snacks.

Adventures in Friendship (7-10 years)

Weekly on Thursday (5 sessions)

June 14 - July 12, 12:30 - 2:30.

\$375

Target skills: This is a weekly group for children to learn basic social skills using the "The Incredible Flexible You" series, developed by Michelle Garcia Winner. Each week will introduce a new approach: thinking thoughts and feelings, making a group plan, thinking with your eyes, body in the group, and whole body listening.

Handwriting I (Ages 6-11yrs)

One Week - Monday through Friday

July 23 - 27, 9:30 - 12:30

\$400

Target skills: Motivating kids to enjoy writing/communicating through a variety of writing experiences. Identifying key areas of strength and need in forming letters and addressing those in guided activities and fun daily worksheets. Incorporating writing into large motor experiences in the gym. This program is specifically designed for children who have been identified as having fine motor/handwriting challenges. It is appropriate for children who can benefit from small group instruction and can cooperate with peers and follow directions. A kinesthetic approach will be used.

Handwriting II (Ages 6-11yrs)

One Week - Monday through Friday

July 30 - August 3, 9:30 - 12:30

\$400

Target skills: Motivating kids to enjoy writing/communicating through a variety of writing experiences. Identifying key areas of strength and need in forming letters and addressing those in guided activities and fun daily worksheets. Incorporating writing into large motor experiences in the gym. This program is specifically designed for children who have been identified as having fine motor/handwriting challenges. It is appropriate for children who can benefit from small group instruction and can cooperate with peers and follow directions. A kinesthetic approach will be used.

Moving with Friends — Plan, Build and Do it! (6-9 years)

Weekly on Friday (5 Sessions)

June 15 - July 13, 5 Sessions, 3:00 - 5:00PM

\$300

This is a weekly group to learn about how your body moves while working with a friend to design fun and challenging movement courses in the large airy clinic space. Use stationary and hanging equipment to construct pathways. Climb, swing and jump through space with guidance and help planning.

Targeted Skills: Build core strength; improve upper body strength; use visual and spatial planning to build achievable motor challenges; learn to take turns, share, and support your peers.

Get In the ZONE! (7-11 years)

Weekly on Friday (5 Sessions)

June 15 - July 13, 12:00 - 2:00

\$375

Target skills: In this weekly group, children learn about the “Zones of Regulation” (developed by Leah Kuypers); focus on learning about yourself and your “zones”; create simple tools for kids to utilize at home to help with self-regulation; practice cooperative skills during sensorimotor play; provide parents with tools /words to help kids gain control over their play and social actions.
